

trainingExampleEmbeddings.h

```
graph TD; A[trainingExampleEmbeddings.h] --> B[vector]; A --> C[emscripten.h]; A --> D[bind.h]
```

The diagram illustrates a header file dependency structure. At the top, a box labeled 'trainingExampleEmbeddings.h' has three arrows pointing downwards to three separate boxes: 'vector' on the left, 'emscripten.h' in the center, and 'bind.h' on the right. This indicates that the 'trainingExampleEmbeddings.h' file includes or depends on these three components.

vector

emscripten.h

bind.h
